Why inflatable sailing catamarans?

☐ Fun to sail

Delivers excellent sailing performance and water fun that matches it's "hard-hull brothers".

Enjoy sailing competitively with dinghies and Hobie cats, take off for camping on remote islands, or simply have fun on a beach.

☐ Portable

Packed into two bags. Store it in a locker, on you balcony or in a closet. Transport it easily in your car, or on rooftracks - no trailer needed.

Choose the water to put it on. Just find out where wind blows, and off you go. And you can even fly with it! take it on a plane and sail on another coast!

☐ Affordable

The combined advantages of sailing performance and portability come with surprisingly low cost of ownership. No trailer or special storage space required. See comparison chart.

Our boat

☐ It is a beautifully rigged full size sailing catamaran. When you see her on the water, you will not believe that she is packed into two bags, that are easy to store and joke to transport.

☐ Revolutionary new in North America, this type of sailing boats has been developed in Europe, where it won its deserved popularity. What makes inflatable catamarans so attractive to outdoor?
